

Rotary Respite House: A haven in the storm

What is the Rotary Respite House? Why is it needed?

- It will provide individuals and families with shelter while a loved one is hospitalized.
- The Visalia Rotary Community Foundation is building it and will own it.
- Kaweah Delta Health Care District will operate and manage it.
- It is located just 2 blocks from the hospital.
- No such support to families is available in Visalia today.

“This place is the most wonderful house in all Visalia ... a place that we could call HOME. God bless you and all the families who will stay here in the future.”

Melissa, Emiliano, Tina, Geppe, Jessica and Mauro – and premature twins Riccardo and Beatrice (Recipients of former respite house)
