

January 30, 2020

To Jeff Myer and Visalia Rotary Community Foundation,

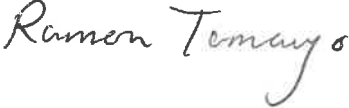

I am a student at Visalia, College of the Sequoias and I am writing this letter of appreciation to you, a grateful thank you for having selected me to receive the Robert Harrell Career and Technical Education Scholarship. This scholarship I have been awarded is going to be so helpful to me in a way that will give me more motivation, in continuing my education at the College of the Sequoias. I have put a lot of work and effort in my schooling and I am so thankful for having been recognized for this as well.

I really enjoy college and having participated in the automotive program. I love the challenges that come with the hard work I am involved in. I plan on completing my education plan. I am now more confident in having met you and having participated.

Thank you for having chosen me for this honorable award. It will be beneficial

Sincerely,

Ramon Tamayo

A handwritten signature in cursive script that reads "Ramon Tamayo". The signature is written in black ink and is positioned below the printed name.
